THE BOXERS ATTACK A CONVENT

Mob of Six Thousand Gathered at Pao Ting Fu.

WANT ANOTHER CRUISER

Consul Martin, of Chin Kiang, Sends Request for Protection—He States That the Boxers Have Halted There and That American Interests Are Without a Champion.

He Would Not Yoke Up with Mr. Bryan or Any Other Candidate for an Office.

Tien Tsin, June 12.—One hundred and sixty-three British landed last evening. An additional twenty left have been sent to Pong Shom.

This morning a special train left Tien Tsin for Yang Tsun to bring General Nish to consult with the viceroy.

Telegraphic communication with Peking is still interrupted. The Russian warships Petropavlovsk and Kondor are at Taku bay and the Russian torpedo boats "H2" and "167" are in the river Taku.

The latest news from Pao Ting Fu is that the Boxers, six thousand strong, are attacking the British consular residence.

Washington, June 12.—The following dispatch was received at the state department today:

Chin Kiang, June 12. Secretary of State: Large numbers of natives organized secret societies lured here. People very apprehensive. No protection. Want cruiser.

Martin, who signed the above dispatch, is the United States consul at Chin Kiang.

The navy department has cabled to Rear Admiral Kempff, at Taku, to inform him that marine reinforcements have been ordered to him from Manila.

The secretary of the navy believes that the Solace, which he ordered Rear Admiral Remy at Manila to dispatch to China, will reach Taku in about a week.

MARINES DISPERSE MOB. Sixteen Englishmen Drive Back 2,000 Boxers.

London, June 13, 4.45 a. m.—Sixteen British marines, reconnoitering in advance of the international column marching to Peking, fought and chased 2,000 Boxers Monday morning, killing twenty or thirty. A correspondent accompanying the column, in a dispatch dated Tien-Tsin, June 12, via Shanghai, June 12, 5.15 a. m., says:

"While the marching parties, accompanied by a patrol of sixteen British marines, commanded by Major Johnson, were repairing the line Monday afternoon, eight miles beyond Tofa, they encountered small parties of 'Boxers' and 'Guns' Monday morning, and they were trying to get between the marines and the train. Most of them were armed with spears and swords. A few had fir arms, which they handled awkwardly.

"The marines retreated, keeping up a running fire for over a mile, and killing between twenty and thirty Boxers.

"The Boxers pursued the British for some distance, then, seeing more marines from the train coming to their assistance, Major Johnson's column halted, and poured a heavy continuous fire into the crowd, driving them across the front of the reinforcing blue jackets, who punished the Boxers severely with Maxim's.

"The Boxers fled and the Europeans following up their success cleared out the villages. The total loss of the Boxers is estimated at 40 killed and wounded. Seven of their wounded were attended by British surgeons.

"Unless their loss causes the Boxers to lose heart the international column will have much trouble before it reaches Peking. The railway is so much damaged that the column covered only 34 miles Sunday and Monday, and there is reason to fear that the road beyond is more badly damaged.

"Evidences of General Nish's operations were found in headless bodies. The whole country presents a desolate aspect, entire villages having been destroyed.

"The troops number 2,044 as follows: British, 915; German, 250; Russian, 300; French, 128; Americans, 104; Japanese, 52; Italian, 40, and Austrian, 25."

Drowned in Stony Lake.

ST. LOUIS STRIKE.

No Important Developments in the Situation—Cars Are Running on All Lines.

St. Louis, June 12.—There were no important developments in the street car strike situation today. The Transit company claims to have the situation practically under control by reason of the protection afforded by the police department and the sheriff's posse.

More men are now employed by the company than there is work for them to do, according to General Manager Baumhoff, and not only is the force being constantly increased by men coming in from other cities, but from the ranks of the strikers themselves.

Tonight cars are running on all lines. The southern electric line is in operation for the first time since the strike was inaugurated. This line is regarded in police circles as the most difficult of all the lines to run safely after dark. It traverses the districts where two weeks ago seven persons were wounded by bullets in one day.

ADMIRAL SCHLEY AGAIN DECLINES

He Would Not Yoke Up with Mr. Bryan or Any Other Candidate for an Office.

Philadelphia, June 12.—The Times tomorrow will say editorially: "The name of Rear Admiral Schley has been repeatedly suggested as the likely choice for president or vice president, but all who know the views of Rear Admiral Schley uniformly declare that such use of his name was not only unwarranted, but also highly distinctly expressed wishes and purposes. He was specially careful before going to sea in command of the South Atlantic squadron to declare to his friends that under no circumstances would he consent to become a political candidate.

"Notwithstanding the publicity given these repeated and emphatic declarations of Rear Admiral Schley, he has been frequently discussed as a candidate for the vice presidency on the ticket with Bryan. The expression from the rear admiral of refusal to accept public office has just been repeated by him in a private letter to General Fung, dated Rio Janeiro, May 15, from which the following extract is taken:

"Your editorials touching the talk of placing me in nomination with Mr. Bryan reflect precisely what my views are. I know nothing of politics nor of political life, and under no circumstances would I allow the use of my name before any convention for any office whatever. I have passed the age when presidential or any other kind of duty may be expected of me. I know nothing of any political office and am fully content to live the years yet left me in quiet retirement from the turmoil of any office. I am rejected unequivocally not to accept any nomination if it were tendered and if in my absence I should be elected I would not serve."

"This letter from Rear Admiral Schley was written without any view of publication and in all the frankness of trusting friendship, but it is only an act of justice to him that his views thus clearly and pointedly expressed should be known to the whole country."

Large Delegation Attends the Opening at Reading.

NEWS ENCOURAGE BRITISH.

London, June 13, 3.20 a. m.—Two pieces of news encouraging to the British dispatches are that the broken communications of Lord Roberts are in a fair way to be mended by the forces moving northward and southward and driving off the roving commandos, and that Sir Roberts Buller is at last master of Laings Nek.

Telegraphic communications with Lord Roberts is expected to be restored today, as a despatch from Bloemfontein, dated yesterday, says that the railway in British possession again and that the work of repairing the line is going on rapidly with the abundant material warehoused at Bloemfontein.

CONVENTION ASPECT IN PHILADELPHIA

LARGE NUMBER OF VISITORS ALREADY ON THE GROUND.

Prominent National Committeemen and Delegates Arrive—Question of Representation Is Liable to Come Up Today—Rhode Island Delegation Has Prepared a Substitute for the Payne Resolution—McKinley's Picture Appears Everywhere.

Philadelphia, June 12.—This city is rapidly taking on a national convention aspect. Quite a large number of national committeemen and delegates arrived today and the hotels are beginning to fill up. Prominent among the national committeemen now on the ground are Frederick S. Gibbs, of New York; Amoswell Taylor, of Arkansas; John W. Yerkes, of Kentucky; L. F. Hubbard, of Minnesota.

Nearly all the other members of the national committee are expected tomorrow to attend the meeting which is called by Colonel Brayton's name and is due at 1 o'clock tomorrow afternoon. The old question of representation in the Republican convention which agitated the national committee at its meeting in Washington last December is more than likely to come up at the national committee meeting tomorrow.

The resolution of Henry C. Payne, of Wisconsin, presented at last winter's meeting, and which was withdrawn before it was voted upon, will again be pressed, but not by its author. The strongest supporters of the Payne measure come from New England. Colonel Charles E. Brayton, national committeeman from Rhode Island, who is also chairman of the Rhode Island delegation, will make a strong effort to have the representation changed.

Henry E. Tiepke, commissioner of industrial statistics of Rhode Island, who will be Colonel Brayton's proxy in tomorrow's meeting, said tonight that he will endeavor to carry out the colonel's wishes. Committeeman Brayton, he said, has been in communication with the national committee of all the states and his replies include more than twenty who favor the Payne resolution. This resolution provides for four delegates-at-large for each state and an additional delegate for every 100,000 population in excess of the majority fraction thereof, based on the returns of the last presidential election.

The Rhode Island delegation has prepared a substitute for the Payne resolution and will present it in place of the Payne resolution if they find that the sentiment in favor of the latter is not strong enough to put in through the committee. It is claimed that the substitute will meet all the objections of a majority of the national committeemen. The substitute is as follows:

Whereas, the present basis of representation in the Republican national convention is based upon the representation of the several states in the congress of the United States, which under existing political conditions is manifestly unjust and inequitable, and

Whereas, the representation now accorded to the several states of the Union on the basis of article six, section two, of the constitution, is not in any way adequate to the representation of the people of the United States, and the right to vote is denied to a large number of citizens of the United States, and the right to participate in the election of representatives in congress, and in the electoral college, and in the convention of the Republican party shall be reduced in proportion which the number of male citizens so deprived of the right of suffrage shall bear to the whole number of citizens, 21 years old, in said state; therefore,

Resolved, That the Republican national committee recommend that if the Republican party is continued in congress, it revoke and exercise the power of congress granted by article six, section five, to enforce by appropriate legislation the objections of this resolution and be it

Resolved, That the holding of a national Republican convention in 1904 composed of delegates representing the entire population of the United States, and the strength and sentiment of the country elected upon a just and equitable basis of representation is not only of paramount importance to the party but to the nation as well. The meeting of the national committee tomorrow will be devoted largely to the hearing of contests from the various states. It is believed that the committee will finish this part of its work in one day.

The sub-committee of the national committee held another meeting today behind closed doors, and according to reports the business was conducted in a quiet and unobtrusive manner. The convention hall will be formally transferred to the national committee tomorrow afternoon, although the sergeant-at-arms will not assume absolute control of the hall until Saturday probably Monday afternoon. The delegates have been extended by the citizens' convention committee to Senator Hanna, the members of the national committee and a number of invited guests to inspect the hall. Speeches will be made by Mayor Ashbridge and several others of the visitors.

Bryan Sentiment Prevailed. Milwaukee, June 12.—Bryan sentiment prevailed in the Democratic state convention held here today to elect four delegates at large and to ratify the selection of twenty district delegates to the national convention at Kansas City. The delegates at large chosen are Davis S. Ross, Milwaukee; George B. Hilton, Oshkosh; D. L. Plummer, Wausau, and Louis Bohmrich, Geneva.

SENATOR DAVIS ON EXPANSION

Our Foreign Policy Discussed Before Alumni of the University of Pennsylvania.

Philadelphia, June 12.—Alumni day was observed at the University of Pennsylvania today, the feature of the occasion being an address by Senator Cushman K. Davis, of Minnesota. The programme included a business meeting and an elaborate luncheon at which Senator Davis was the guest of honor. Toasts were responded to by Dr. George M. Sternberg, surgeon general of the United States army; Congressman Robert Adams and others.

Senator Davis, who is regarded as a high authority on international law, spoke on the "Foreign Relations of the United States." He said, in part:

The foreign policy of this country has usually been of that character which consists in negotiating those conventions which maintain the peaceful relations of states. We have followed, with very few exceptions, the wise advice of Washington, not to involve ourselves in entangling alliances with European states, and to preserve our peculiar and powerful isolation from their political concerns has been the line upon which our foreign relations have been conducted. We have been too remote and our latent power has been too great to be attacked, or even made the subject of serious diplomatic aggression by European states singly or in combination.

As to any expansion of our dominions, it has never been asserted by the most adverse critics of our policy that the acquisition of territory and human freedom would not be thereby promoted.

I think it can be safely said that they who have threatened intervention between the United States and Spain abandoned that desire very quickly after the momentous events of Manila and the great victory of our arms. The design of a similar intrusion under any circumstances that we can now imagine.

I believe that these victories have done more to assure the peace of the world than all of the alliances and international conventions which have been effected during the last fifty years.

With regard to the partition of China, Senator Davis said the United States will continue to be the greatest part of the commerce with the Chinese orient.

Snively, of Johnstown, was nominated for junior vice-commander, also without opposition. Past Commander Reed, of Philadelphia, reported on a project to create a military academy to be known as the Sons of Veterans academy. His report was favorable and was warmly endorsed.

The college is assured of an endowment of at least \$200,000. There are many cities already after the college. A motion was carried to secure a pledge from each of the 50,000 members to give one dollar per year for ten years, making \$700,000. This afternoon a big parade was the feature.

PLACED FATHER ON STOVE

Thomas McGraw, of Luzerne Street, Brutally Attacks Aged Parent.

Thomas McGraw, of 513 Luzerne street, was arrested about 11.30 o'clock last night and taken to the Center street police station, on the charge of having brutally attacked his aged father and placed him on a red hot stove, inflicting injuries of such a nature that it is doubtful whether the victim will be able to attend police court this morning and prefer charges against his ruffianly son.

McGraw, it seems, had been around the central city all night, and went home in a very intoxicated condition. On entering his home, he encountered his old and feeble father. McGraw is a man heavily built and possessed of great strength, and seizing the old man in his arms, he carried him to the stove in the kitchen, and placed him on it.

His flesh was burned, and he gave a piercing shriek which aroused the neighbors, and resulted in the appearance on the scene of Patrolmen Walsh and James Feeney. McGraw was seized and overpowered, resisting desperately, and was taken to the center street police station. He will be given a hearing by Mayor Mott this morning.

PRETTY JUNE WEDDING.

Miss Margaret Horan and Matthew P. Cawley Wedded.

One of the most charming weddings of June in Dunmore occurred yesterday morning, when Matthew P. Cawley, of West Scranton, and Miss Margaret E. Horan, daughter of Mr. and Mrs. P. J. Horan, of Dunmore, were married in St. Mary's Catholic church.

The bride, her maid of honor, Miss Grace Horan, and the two bridesmaids, Miss Kathryn Curtis, of Williamsport, and Miss Elizabeth McConkey, of Lawrenceport, were married promptly at 9:30 o'clock and preceded down the center aisle to the strains of Mendelssohn's wedding march, played by Bauer's orchestra. The groom and his best man, William H. Shoen, met the party at the altar rail, where the marriage ceremony was performed by Very Rev. Eugene Garvey, of Pittston, vicar general of the diocese and uncle of the bride.

The latter presented a beautiful appearance, wearing white crepe de chene over white taffeta, trimmed with duchesse lace. She wore a bridal veil fastened with a diamond pin, the gift of the groom. The maid of honor wore a gown of white tulle and lace over white taffeta, while the bridesmaids were attired in gowns of white lace over pink taffeta. They also wore picture hats and carried bouquets of pink roses.

After the marriage ceremony had been performed the newly wedded couple knelt inside the altar rail while a solemn high nuptial mass was celebrated by Very Rev. Eugene Garvey, assisted by Rev. J. J. Malone, of this city, and Rev. M. P. O'Rourke, of Williamsport. Inside the sanctuary were also: Rev. D. J. MacGuldrick, Rev. J. J. Loughran and Rev. J. J. O'Boole.

At the offertory Miss Cordelia Freeman sang "O Salutaris Hostia." Professor Southworth accompanied her on the organ; there was also a violin obligato by Miss Julia C. Allen.

At the conclusion of the ceremony a reception was given at the home of the bride's parents on Chestnut street. The spacious rooms were lavishly decorated with flowers and potted palms, while Bauer's orchestra rendered charming music. A bounteous wedding breakfast was served by Caterer Hanley.

The young couple were favored with numerous costly and beautiful presents. They left on an afternoon train for an extended wedding tour. Mrs. Cawley is one of the best known and most beautiful young women of Dunmore and is possessed of many lovable traits of character, while the groom is a popular and successful young lawyer of this city, a member of the law firm of Cawley & Shoen.
